Welcome to the new look Carers' Hub Lancashire Newsletter

The Carers' Hub Lancashire works across the county as part of Carers Lancashire providing information and support services to Adult Carers (18+) and specialist support to Carers of adults (16+) with a mental health condition.

These support services are designed to not only help a Carer continue in their caring role for as long as they choose but also to reduce the impact the caring role can have on their own health and wellbeing.

Support includes

Carers Line

A team of knowledgeable and skilled Triage Workers are available:

Monday - Friday 8:00am - 6:00pm

to help with your enquiries, to transfer your call or to take a message for a Carers Support Worker.

To talk to a Triage Worker please call **0345 688 7113**.

Support from a dedicated Carers Support Worker

Discuss with a dedicated Carers Support Worker about how being a Carer affects you and highlight any support you may need.

A Carers Support Worker can provide you with information and support to access a break and can facilitate access to community health and wellbeing services, activities and much more.

We have specialist Carers Support Workers in fields such as mental health, Dementia, ethnicity and health services.

Carers Assessment

An assessment for you with a Carers Support Worker even if the person you care for is not receiving care and support from Lancashire County Council.

The assessment will include information on; the person you care for, your caring role, your ability to access education, work, leisure, cultural activities, the impact on your health and wellbeing and whether you are willing and able to carry on with all parts of your caring role.

The assessment can take place over the telephone or face to face. Following your assessment you may be eligible for a Carer's Personal Budget to improve your health and wellbeing.

Carer's Personal Budgets are subject to an annual review of a Carers Assessment.

Peace of Mind 4 Carers Plan

With a Carers Support Worker and the person you care for put together a plan for the event of an emergency where you are unable to carry out your caring role. The plan will include information on; property access arrangements, medical conditions and disabilities, care, medication, routine and the details of people who can be contacted in an emergency.

An option for up to 72 hours free replacement care from a care provider may be available for emergencies where you are taken into hospital unexpectedly or are involved in an incident involving emergency services and no support is available from family or friends. Once completed a copy of your plan will be sent to you. Plans can be activated 24 hours a day, 7 days a week, 365 days a year. A plan can be completed over the telephone or face to face.

To activate your plan please call **0800 840 3166**.

*As from April 2016 we no longer prompt you to review your plan. Please call us on **0345 688 7113** if there are any changes to your plan.*

Sitting-In Service

The Sitting-In Service engages Volunteers to offer Carers of adults (18+) a break from their caring role by providing support to the person they care for.

Volunteers can offer companionship in the familiar surroundings of the cared for person's own home by taking part in activities such as; listening to music, watching television, playing board games and chatting. This is a free service which can be provided at a time to suit, subject to an appropriate Volunteer match.

Hospital Passport Scheme

With the person you care for you can complete a passport for use during a hospital admission or any other occasion to explain the care and support needs of the person you care for. The passport template was created by Carers and health care professionals in Lancashire for use when people are not able to communicate all of their care and support needs. The passport could also be useful if you often have to repeat this information to others.

Carers Help and Talk (CHAT) Line

Are there times when you want to talk but feel that there is no one to talk to? Don't suffer in silence - call the Carers Help and Talk (CHAT) Line.

All calls are answered by Volunteers who can offer understanding with regards to the common challenges faced by Carers.

The CHAT Line is available 24 hours a day, 7 days a week, 365 days a year. To talk to a Volunteer please call **0333 103 9747**.

In the event that a Volunteer is not immediately available to answer your call, please do try again.

Volunteer with us

The Carers' Hub Lancashire has several volunteer roles designed to support Carers to give back to their community.

Our Sitting-In Service is a befriending and respite service. Volunteers spend time each week with a cared for person while their Carer gets a much needed break.

The Carers Help and Talk (CHAT) Line is our telephone helpline service set up to offer emotional support to Carers, 24 hours a day. It is manned entirely by Volunteers who work from the comfort of their home.

Volunteers also support our services in other ways. If you are interested to hear more, we'd love to hear from you!

Please call **0345 688 7113** or email volunteering@ncompassnorthwest.co.uk

FREE Group Cognitive Behavioural Therapy Courses

Cognitive Behavioural Therapy (CBT) is a talking therapy that can help you manage your problems by changing the way you think and behave.

FREE courses will be delivered by a qualified, experienced CBT Therapist and Counsellor who is an accredited registered member of the BACP. The aim of the courses is to improve the emotional health and wellbeing of Carers and Former Carers.

Courses will run for 8 weekly sessions and there are spaces for 8 Carers or Former Carers to attend each course. In the first session the Therapist will support the group to identify and agree common subjects for the course such as guilt, resentment, loss, conflict, anxiety, isolation which are often common among Carers and Former Carers. These subjects will focus the following 6 sessions which will be delivered flexibly to ensure the sessions are beneficial for the whole group. In the final session the Therapist will support the group to reflect and celebrate collectively and individually the overall journey and achievements of the course.

We have run successful courses already and the Carers and Former Carers who attended reported that the course meets its aim and some report of friendships being formed which have continued beyond the 8 sessions.

Booking is essential and places will be reserved on a first come first served basis.

To book please complete the booking form enclosed with this newsletter or for more information please call 0345 688 7113 and ask to speak to Therapist Chris Berry.

Good News Story

The Carers' Hub Lancashire Mental Health Carers Team completed the ASIST (Applied Suicide Intervention Skills Training) recently.

ASIST is a two day interactive workshop in suicide first aid and it teaches participants to recognise when someone may have thoughts of suicide and work with them to create a plan that will support their immediate safety.

The week after attending this training one of the team actually managed a situation where they needed to apply those very skills and we are pleased to report that this Carer is now working alongside our Mental Health Carers Support Worker accessing one to one support.

Places are free on this course for those who live or work in Lancashire. Please visit www.p-a-c.org.uk/training/ if you are interested in completing this training. Please be advised that this course requires full attendance at both days, cancellation fees apply and other courses are available.
